

## Three Feature Races Are on Schedule for Salt Palace Track Tonight.

### UTAH RIFLE TEAM FINISHES PRACTICE

Guardsmen Shoot Best Scores of the Week in Their Final Workout.

The Utah rifle squad which has been practicing at the post for the past nine days completed its work Monday with the best shooting of the week. The boys are now in good shape and should be able to make a great showing at Camp Perry, the last of the month. The team commenced last Sunday well, but each day there has been a slight improvement in the scores until yesterday morning when the team averaged the highest during the practice. Coach Waitball is pleased with the showing and said that if the boys will only shoot the average of the week at Camp Perry Utah will be in the money this year. The final practice set some high scores as well as averages. Sergeant Gardner and Sergeant Anderson each tied at the skirmish fire with the remarkable score of 25 out of 30. Major Nelson made a perfect score at rapid fire.

Captain Kneass, who has had charge of the boys while at the post, announced the team at the close of the work. Corporal Merrill was the man to be eliminated and the decision was not made until the last shot had been fired. Merrill ran a close race until the final event. The three alternates will be Corporal Gashman, Sergeant Way and Private Mortensen, all from Company B, stationed at Ogden.

The boys will join their various organizations Tuesday and continue to Wyoming, where the annual camp will be held. Each day at camp the team will meet and under the coaching of Captain Kneass will be put through stiff practice in aiming the rifle and trigger pull. This work for the 12 days the boys are in camp will put them in much better form than they now are in, as the work is as essential as firing loaded ammunition.

The team fired Monday morning on the 200-yard range at five and ten foot targets. Two skirmish runs were also made. The scores for the morning were as follows:

### LIVIOUS WINS RACE AFTER BEING LEFT AT POST

BUTTE, Mont., Aug. 1.—Livious, in the third race today at the track of the Butte Jockey club, gave one of the finest exhibitions of game racing seen this season. The event was for a mile and a quarter, and Livious, who had been left at the post, was absolutely last at the five-eighths pole. Gans is in a weakened condition from consumption and it is doubtful if he can survive the journey home.

Just before taking the train tonight Gans said: "I know that I am going to die and feel that I am growing weaker daily. Several days ago I was walking around, but the doctor ordered me to remain in bed. I want to see mother and the children in Baltimore before I die. I made a mistake in not coming to Prescott in the beginning. I did not realize my condition. My last two fights broke down my constitution and made me an easy victim for consumption."

KANSAS CITY, Aug. 1.—Victor Murdock closed his primary campaign tonight with a speech delivered from the balcony of the Y. M. C. A. building in Kansas City, Kan. He talked of Speaker Cannon and the nation's house of representatives, dwelling at some length on the purchases of submarine boats made by the United States. "Men who controlled congress," he said, purchased eight submarines when the naval committee had asked for only four. "Let me tell you of the submarine boat," he said, "I was a congressman from Connecticut. One day, on Pennsylvania avenue he said to me, 'Gentlemen, who will the people do with this crowd if they ever get on to them?'"

"He began to look around. Down in the basement of the White House, but away in the little cubbyholes, he found electric lights in obscure holes where no man's foot had trod since the electrician had put them there."

### Grand Circuit Harness Meeting Is, Opened at Detroit Under Ideal Conditions

Miss Blanche Scott Reaches San Francisco After Trip Across Continent by Auto.

DETROIT, Aug. 1.—The opening of the Detroit Driving club's twenty-sixth annual blue ribbon meet, which covers the second week of the grand circuit season, was favored with racing conditions little short of ideal.

Fast time was made in all the events, and the last race of the day, the 2:05 pace, brought out the two fastest heats of the year. All the winners were in straight heats. The Horsemanship and Spirit of the Times futurity, for three-year-olds, proved something of a disappointment in both the trotting and pacing divisions. The fields were small in both groups, only three accepting the issue in the pacing end of the stake.

Alice Roosevelt was favorite in the 2:11 trot, but Major Strong, second choice, had the speed and took the race in straight heats.

Emily Ellen was the big winner of the day, taking the large end of the rich futurity for three-year-old trotters, in which Eva Bellini was favorite. The third heat in this event developed the closest finish in the history of the series, with Chatty Direct, Eva Bellini and Bergen came to the wire under the whip and finished so close together that the spectators could not pick their position. The \$11,000 stake was divided as follows:

Emily Ellen, \$7500; Chatty Direct, \$2000; Eva Bellini, \$2000; Bergen and Bon Vivant, \$500 each. In addition, David M. Look of New York, nominator of the dam of Emily Ellen, received \$200 and a handsome silver cup valued at \$500.

In the 2:05 pace Walter W. met defeat for the first time since he was taken in hand by "Top" Geers. In the first heat, with Snow driving, Walter W. in the lead went into the air at the head of the straight, and Ross K. pushed him, and the Geers horse barely escaped the distance flag.

On the second heat Ross K. went right to the front and led all the way. The time of this race was the fastest so far this season.

### GOVERNOR SPRY DENIES THE CHICAGO STORY

Governor William Spry denies the story which appeared in the Salt Palace tracks here today, when R. F. Keeler, chairman of the board of control of the N. C. A., sent the following wire to C. L. Berry, N. C. A. representative in Salt Lake City:

"Your position right concerning motor-paced races. Run all you want of them. But notified F. A. M. we cannot recognize their claim to control motor-paced races."

The probably indicates a break between the N. C. A. and the F. A. M. with the result that motor and motor-paced races will be run both at the Salt Palace and the Wandanere motor track, without either track respecting rules or suspension of the opposing organization.

### PITCHER SUFFERS FROM INFANTILE PARALYSIS

WASHINGTON, Aug. 1.—William H. Rich, pitcher of the Washington American League baseball team, is a patient in the Georgetown University hospital here suffering from infantile paralysis, a disease which rarely attacks adults. Numerous cases of infantile paralysis have been reported here among children recently, and three cases were discovered today. Hinchel, who is 21 years old, went to the hospital five days ago for treatment for his arm, which appeared paralyzed. Today Dr. S. Clifford Cox declared that young man would not be able to play ball again this season.

### Sues for Automobile.

J. F. Whittier, father of F. E. Whittier, champion motorcyclist, has filed suit in the district court against Sheriff Joseph C. Sharp to recover an automobile which was formerly the property of F. E. Whittier. The automobile was seized by the sheriff on a writ of attachment issued by the city court in favor of the Automobile Exchange company. J. F. Whittier alleges that he held a mortgage on the automobile owned by his son, as security for a promissory note for \$500.

### Forty Entries in Big GRAND CIRCUIT STAKE

CLEVELAND, Aug. 1.—Owing to the large entries for the Tavena stake, the new grand circuit event for 2:15 class trotters, which will be run for the first time at the North Randall meet here next week, it was decided today to divide the race into two divisions. There are forty paid-up entries in the race and instead of the guaranteed purse of \$2000, the event will be worth close to \$2000. The first race will be run on Wednesday and the second on Thursday, under the best three-in-five system.

### AVIATOR HAMILTON WINS FIRST ROUND

NEW YORK, Aug. 1.—The national council of the Aero Club of America, which met today to consider the protest of Charles M. Hamilton against Glenn H. Curtiss, announced tonight that a resolution had been adopted denying the sanction of the club to any aviation meet not open to all qualified and licensed aviators.

Although no mention is made of either Curtiss or Hamilton, the resolution is generally interpreted as a direct slap at Curtiss. In his protest Hamilton charged that representations made by Curtiss to the management of the coming aviation meet to refuse his entry. This conduct he considered as dishonorable and un-American. In effect the national council now rules that unless Hamilton's entry is accepted the Harvard aviation meet will not be sanctioned and the records made there will not be considered official.

### BANDITS FORCED EDITOR TO WAIT FOR STORY

ONAMIA, Minn., Aug. 1.—While Claude H. Mackenzie, editor of the Lake Breeze, a local newspaper, stood a half hour with his hands held aloft, three burglars forced the safe in the First State bank today and departed with \$1900 in bills and \$200 in silver. Mackenzie was passing the bank, while the robbers were at work and was halted.

### PLUCKY YOUNG WOMAN COMPLETES LONG TRIP

Miss Blanche Scott Reaches San Francisco After Trip Across Continent by Auto.

SAN FRANCISCO, Aug. 1.—After ten weeks of traveling, Miss Blanche Scott of Rochester, N. Y., has successfully ended her long journey. This plucky young woman left New York City the middle of last May in her Overland runabout. Accompanied only by a woman companion, she set out to make the journey hitherto attempted only by seasoned motorists in specially equipped cars.

"I don't think the trip will be such a great test of endurance," said Miss Scott when she started. "Really it was a very enjoyable trip," she said at the finish, "although there were times—"

This trip is remarkable in more ways than one. It has opened up new fields for the feminine motorist, who now has conclusive proof that long-distance touring is as easy for them as it is for men. With the help of the modern motor car, motoring among women took a tremendous boom. Now this feminine transcontinental tour has given renewed impetus to the feminine side of automobilism.

### WAR BETWEEN TRACKS IS ON TO A FINISH

The latest shot in the war between the motorcade and the Salt Palace tracks here today, when R. F. Keeler, chairman of the board of control of the N. C. A., sent the following wire to C. L. Berry, N. C. A. representative in Salt Lake City:

"Your position right concerning motor-paced races. Run all you want of them. But notified F. A. M. we cannot recognize their claim to control motor-paced races."
